

Better Balance Feeds Fact Sheet #3

Better Balance Feeds VITAMIN & TRACE MINERAL TOP-DRESS or

BBF MARE VITAMIN & TRACE MINERAL PREMIX TOP-DRESS

A complete, scientifically designed vitamin & trace mineral top dress
that can be varied to your horses needs

A unique blend of vitamins and trace minerals in a top dress form to provide the
greatest flexibility of feeding amounts for the BEST nutrition for your horse.

The highest quality vitamins available, in the proper levels to complement BBF pelleted
horse feeds are used in BBF V&TM top dress.

Multiple sources of organic and non-organic minerals are used in the
proper levels in BBF V&TM top dress.

SAFETY

Super Nutrition Fibers (SNF) are the basis of BBF Feeds. SNF have energy levels
that are close to oats but are safer because of the high fiber in these feedstuffs.

EASY TO USE

An easy to use 1/2 ounce scoop allows you to tailor to your horse's needs for vitamins
& trace mineral amounts without feeding more unneeded calories to your horse.
During stress periods (worming, trailering, confinement, winter, other) you can
increase the amounts of vitamins & trace mineral by just giving one more scoop.

QUALITY

BBF Vitamin & Trace Mineral Top-Dress is manufactured to the highest quality
possible in a FDA approved climate-controlled environment.
BBF Vitamin & Trace Mineral Top Dress is subject to a rigorous quality control system
using multiple labs and the latest processes.
